Providing health advice, care and medicines, to over 449 million individual patient visitors every year.

Employing 70,000 Australians.

We make your health our business because looking after our communities is what we do every day.

That's why we are taking out this ad....

To remind the Government, ahead of the Federal Budget being handed down next week, that community pharmacy needs the Government's support to ensure that we can continue to provide equal access to medicines and care for all Australians.
